

Methodist Girls' School **SAFETY POLICY**

MGS aims to provide a safe and secure environment for the pupils, staff and visitors. This policy statement exists to guide procedures, use of equipment and facilities and behaviour of staff and pupils in achieving this aim.

The school provides a safe and secure environment for teaching and learning.

The school undertakes to work closely with its stakeholders, parents, the community and external agencies to enhance the safety of our pupils, staff and visitors.

The school provides adequate facilities, materials and equipment to keep the school environment including buildings (e.g. science labs), walkways and traffic safe for pupils. Traffic will be safe for staff and visitors.

The school is ever vigilant and alert to potential hazards, danger and risks; it takes prompt action to rectify all hazards, danger and risks to safety.

The school is committed to nurturing a culture that promotes safe practices in teaching and learning; it actively encourages pupils, staff and visitors to play their part to ensure that the learning environment is safe and secure.
